LB 408, 159, 226, 298A,  
459, 459A, 38

PRESIDENT: Senator, we try to take motions as they come in. We do have a couple of motions relating to LB 38 but we understand they are going to be withdrawn. I think we will then take up your motion. Would you be agreeable to your opening remarks being limited to 5 minutes?

SENATOR CHAMBERS: Sure.

PRESIDENT: Alright. We'll try to dispose of your matter in 15 minutes because if it fails, then we're going to have a full... we'll have 50 minutes on the code this morning. So let's take up those other motions first.

SENATOR CHAMBERS: Here is what has been happening here.

PRESIDENT: We have some motions before yours so we better take care of those.

CLERK: Mr. President, read Standing Committee Reports from Urban Affairs on pages 1401-1402 of the Journal. LB 159 placed on General File as amended. LB 226 placed on General File as amended. Signed Senator George, Chairman. Mr. President, a new bill introduced by Senator Kremer, LB 298A. Read LB 298A. Mr. President, a motion to override the Governor's veto on LB 459 and 459A will be placed in the Journal. (Refer to page 1403). Mr. President, if we are now ready for...

PRESIDENT: No, we have some visitors in the North Balcony. We have 10 students from Sidney, Nebraska. They are in the eighth through twelfth grade. Their teachers are Bill Mitchey and Tom Cotton. That is in Senator Clark's district. Thank you for being with us this morning. Now read your first motion Mr. Clerk.

CLERK: Mr. President, when we quit debating on LB 38, we were on Article 12 and there were pending two motions which have not yet been disposed of. One motion to amend was offered by Senator Murphy. There was another motion to amend offered by Senator Koch to amend the Murphy amendment. It's now my understanding they wish to withdraw both of these motions which are yet pending.

PRESIDENT: Do you want to withdraw your motion Senator Murphy? Does that meet with the assent of the amender? Senator Koch?

SENATOR KOCH: Yes.

PRESIDENT: Those are withdrawn. They can withdraw their motions.

CLERK: Now Mr. President...

PRESIDENT: Read Senator Chambers' motion.

CLERK: Motion on the desk, Mr. President. I move that there be a moratorium of ten legislative days on debating the criminal code. Signed Senator Chambers.

PRESIDENT: For clarification, when does the moratorium commence?

SENATOR CHAMBERS: It would start as of today.
